Packaging without limits. The Jokey standard programme.

The plastic packagings from Jokey are used millions of times each day to fill food and non-food products. Vendors from all sectors, including the international leaders from trade and industry, trust in the sophisticated functionality, reliability and promotional effect of our packaging solutions. Jokey's broad standard programme is the result of over 45 years of cooperation with our customers. With far-sighted innovations tailored to the market, we repeatedly set benchmarks for the packaging industry.

Your packaging partner worldwide.

Jokey combines the greatest expertise with personal service. We advise you in selecting a suitable packaging, in equipping it with user-orientated accessories and in the product branding designed to promote sales. Our technical service supports you in the set-up phase at the filling plant.

As one of the leading producers, we make sure you have consistently high quality in all your markets. With 14 production sites in 11 countries, we are able to guarantee just-in-time deliveries internationally.

Bucket round.

Simple shape. High-tech functionality.

Jokey offers you an outstandingly broad range of round buckets. Like all Jokey packagings, they comply with the most stringent requirements for automatic filling of hot or cold products. They optimise your production and logistics processes, protect your product and increase its shelf life. They win over the consumer through their great convenience.

At a glance:

- > Numerous volumes in various weight categories for all filling materials
- > Numerous accessory options
- > One lid diameter for various container volumes
- > Producible in all colours and using all decoration processes
- > Sealing and closure options
- > Handle made of plastic or metal
- > Optional barrier to keep out oxygen and steam

JST Jokey Seal Tainer

The champion in its weight class.

The lighter they come, the more sustainable they are: The JST reduces the amount of material used, produces lower CO₂ emissions when transported and decreases disposal fees. At the same time the JST is more stable and robust than other ultra-light buckets. Its slender handle enables standard filling weights to be transported reliably, ergonomically and conveniently.

Kitchen professional with freshness seal.

The new Jokey Seal Tainer is tailored precisely to the needs of your bulk consumers: The ultra-light container has a widened edge to which a peel-off sealing film can be attached. The film protects your product and ensures trust on the part of the consumer.

Features

- > Closure system
 - > Sealing lid
 - > Standard lid in preparation
- > Seal
 - > With high-strength sealing film
 - > With peel off film
- > Handle

Draw attention to your product!

Ensure you gain a valuable competitive edge through an attractive packaging design. Our decoration processes offer your product branding all the technical options, from simple and functional to high-resolution and brilliant. No limits are set on your creativity. We implement even the most demanding designs in excellent quality – for all batch sizes. We ensure that your product family is highly recognisable at the PoS.

JETO+ Jokey Euro Tainer Oval Plus

- > Bucket suitable for shakers, for paints and construction chemicals
- > The lid fits tightly and reliably
- > 100 % liquid-tight
- > New JETO+ closure system
- > Easy-opening closure system
- > New lid ribbing ensures a high-level of stability

Professionals for paints and construction.

The new oval JETO+ and its round counterpart JET+ are perfect for the requirements of the construction chemicals industry. They pack heavy goods such as paints, coatings or plasters securely. The robust, compact design can cope with heavy mechanical loads.

100 % leak-proof in the shaker.

Thanks to their innovative lid edge system, the JET+ and JETO+ also remain reliably leak-proof in the shaker. The guarantee for the shaker is for 3 x 3 minutes. The user will be delighted by a perfect colour mix: The underside of the lid is segment-free, which ensures that no paint residue is left there when shaken.

Boxes and trays.

Small, fine and in high demand.

Whether Mediterranean delicacies or products from the construction chemicals industry – small volumes are perfectly packaged in the boxes and trays from Jokey. The easy-opening closure system and the reclosability ensure convenience. The barrier and seal ensure longer product shelf life. Decorated with the brilliant In-Mould Labelling, your product is sure to stand out at the PoS.

At a glance:

- > Volumes from 120 ml to 5.8 l
- > In all colours and naturally also transparent
- > Suitable for filling with hot and cold materials, safe to use in freezers and microwaves
- > Sealing and closure options
- > Optional barrier to keep out oxygen and steam
- > Attractive decoration in HD quality
- > Special: the Jokey Euro Tainer Tray E (JETSE) for E2 euro crates

Specials.

Packaging experts in your field.

Innovative materials, robust designs, novel solutions:
With the know-how of a leading producer, we develop packagings which satisfy a top-class requirements profile. That is what makes us a specialist – and our packagings, too.

At a glance:

- > **JBT** (Jokey Barrier Tainer) which effectively keeps out oxygen and steam
- > **JG** (Jokey Gallon) for heavy chemicals and construction chemicals
- > **JFT** (Jokey Feed Tainer) for animal food and use as food or water bucket in the stable
- > **Jokey UN** for solid hazardous materials up to dangerous goods class II
- > **JSP** (Jokey Solution Packaging) for the most varied customer solutions

Our entire know-how for your individual packaging.

With a packaging produced and decorated specifically for your product, we ensure you clear brand differentiation. Do you want an original eye-catcher for the consumer sector? Or do you wish to enhance the functionality of the packaging for your commercial customers? When developing a custom-mould packaging, we assist you with excellent know-how, state of the art technology and boundless passion. In a tried and tested, structured process, our expert Jokey Individual Team develops your packaging reliably until it is ready for the market.

Packaging development by the technology leader.

Jokey always offers you the latest state of the packaging art in terms of shapeability, functionality, closure systems, material properties and decoration. With our own tool construction company, we guarantee injection moulding machines of the highest precision and efficiency and with the longest service life.

Jokey Individual. For your unique product.

A Jokey Individual packaging is developed in close collaboration with you.

We examine every aspect here: What are the trends? What does the consumer want, what does the retailer want? What type of packaging design promotes sales? And how can production and logistics be optimised? We will assist you with our concentrated experience and expertise through the entire development process.
